

All For

TREATING THE WHOLE ATHLETE

ALL FOR YOU

TREATING THE WHOLE ATHLETE

At Henry Ford we believe in treating the whole athlete - which means our team of sports medicine specialists collaborate across multiple disciplines in orthopedics, cardiology, neurology, ophthalmology, sleep, ear nose and throat, nutrition, primary care, physical therapy and athletic training. Our team works with athletes at all levels, to develop a personalized treatment approach to get you back in the game.

We offer care at over a dozen convenient locations across southeast and central Michigan, including our new Henry Ford Center for Athletic Medicine. Located next to the Henry Ford Detroit Pistons Performance Center in Detroit, the Henry Ford Center for Athletic Medicine is the epicenter for athletes at all levels and in every sport to heal, condition and optimize their performance. Starting with our multi-disciplinary physician team and combining the latest in state-of-the-art simulation and motion technology, and a full staff of physical therapists and athletic trainers, the Henry Ford Center for Athletic Medicine is the place for any

athlete to reach their highest potential. Henry Ford Sports Medicine are also the official team physicians for the Detroit Lions, Detroit Pistons and the Detroit Marathon. Our care, including athletic services, strengthening and conditioning, also includes over two dozen colleges, universities and high schools. In addition to our team coverage we also provide care to dozens of local events throughout the year. From injury prevention to leading-edge treatments we have a full team of sports specialists to safely treat any level of athlete.

For a clinic appointment or a virtual visit within 24 business hours please call: (313) 972-4216 or visit us at: henryford.com/athletes
